

Job Aid: AfyaSTAT Mobile App end to end Navigation

(KenyaEMR v 17.5.1) Last Updated: Aug 2021

Tasks:	Navigate AfyaSTAT App (End to end navigation) including Editing encounters
Objective:	To document and track the 1 st 95 cascades of care
Who:	HTS service provider , M&E
Required Materials:	Username, password, Android mobile phone installed with AfyaSTAT mobile
STEP	ACTION
1.	<p>AfyaSTAT Access and Login</p>  <p>Steps</p> <ul style="list-style-type: none"> • Tap on the installed AfyaSTAT App on your mobile device. • Login page will appear as displayed on the first screen. • Type the user name and password in the fields provided and Tap “Login” tab to access AfyaSTAT Home page

2.

Client registration

The first screenshot shows the 'People' screen with a list of health centers. The 'Register client' button is highlighted with a red box. The second screenshot shows the 'Register client' form with fields for Surname, First name, Other name(s), National ID No, and Client Number. The third screenshot shows the 'Client' profile for 'Afyastat Afyastat Afyastat' with fields for Age, Sex, Phone, County, Sub-county, Ward, Village, Landmark, and Facility.

Registration

- Tap on “Register Client” Tap with a plus (+) sign. The registration form will appear.
- Complete the registration form as you scroll down.
- Once complete, Tap on “Submit” button then a patient dashboard will appear. You can use the “Edit” button to update registration details then submit.
- After submitting, the patient profile will be shown with the summary

Creating relationship to existing clients

You can create relationships between the client being registered and an existing client within the system before submitting registration form.

Steps

Select Yes in Step 1

Select the client's name from the drop-down list (Step 2)

Specify the relationship type (Step 3)

Relationship to existing INDEX client

Do you want to link this client to an INDEX client already in Afyastat? *

☒ Yes

Step 1

☐ No

Select the INDEX client *

Step 2

Relationship to client *

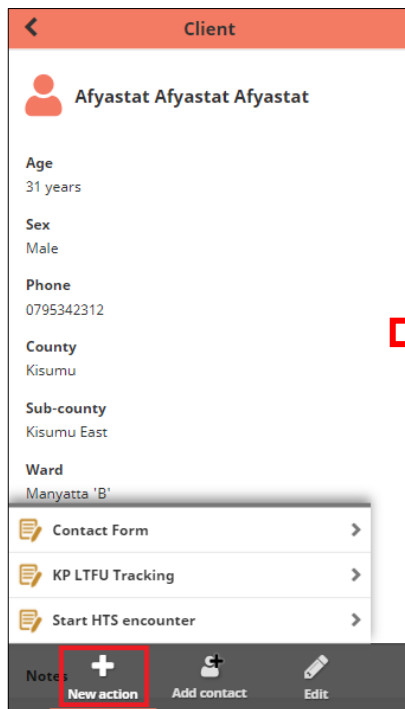

Step 3

Submit

3.

HTS Screening Form

- Begin by tapping on “New action” then “Start HTS encounter”.
- Enter encounter date then tap “Next”
