

Nishauri Mobile Application Process Flow.

1. How to download pSurvey Application

Users of the pSurvey application shall be able to download and update the mobile app from the Google playstore according to the process below:

- ✓ Access the Google playstore
- ✓ Search for pSurvey application by mHealth Kenya on the search bar
- ✓ Install the application

2. How to Access pSurvey Application

To access the pSurvey application, follow the process below:

- ✓ Load you applications on your mobile
- ✓ Navigate to the installed pSurvey application to access and open it.

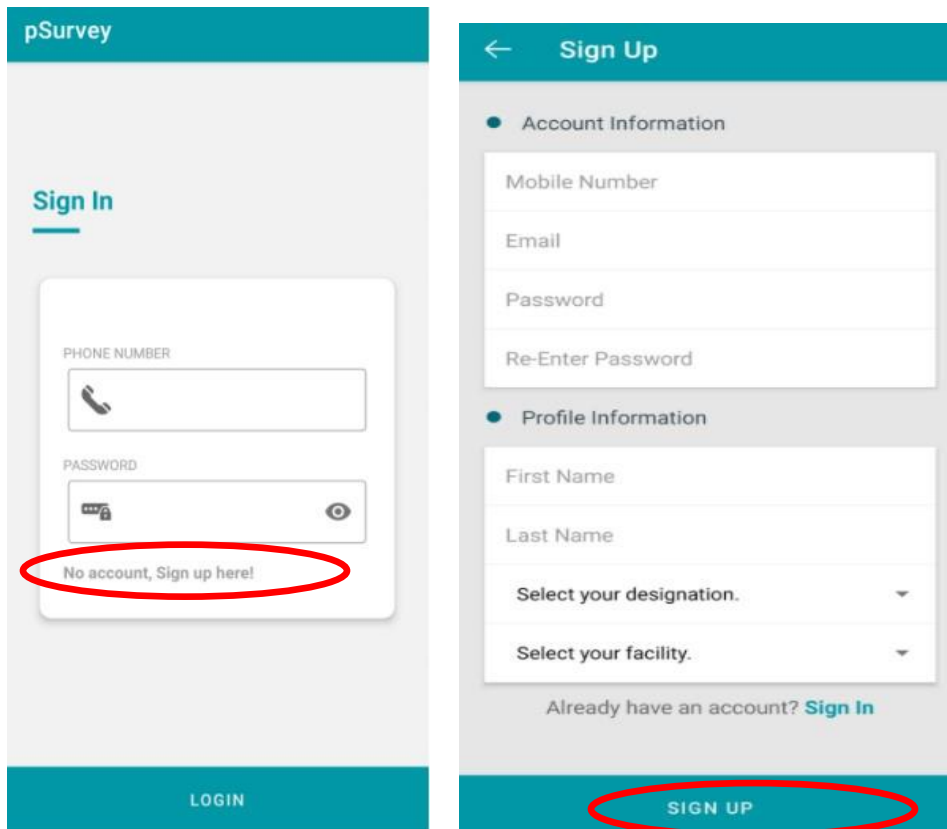

3. Signup

This process shall allow the users to create their own profile on the pSurvey platform.

To signup, follow the process below:

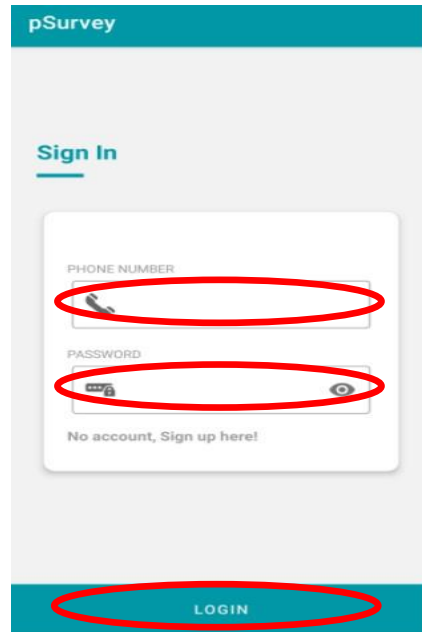

- ✓ On the Login page, click “*New User? Signup*”
- ✓ This will take you to the next page that allows input of user details such as *phone No., email address, password*, among other profile details.
- ✓ Select *Designation* and *facility*
- ✓ Click *Sign up* to complete user profile creation on the pSurvey app.

4. Login to Nishauri

Once a user has created their account on their Nishauri app, they'll be able to login. Follow the process below

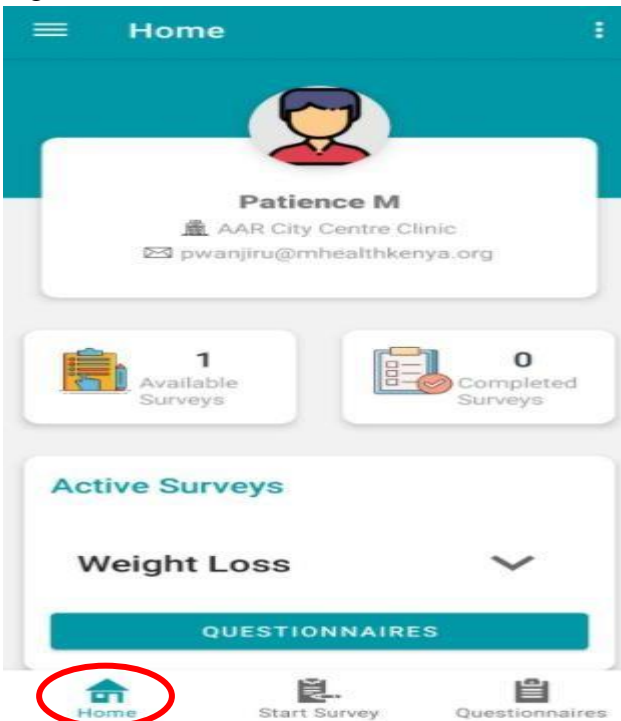

- ✓ Load the pSurvey application
- ✓ Input *phone number* used at signup
- ✓ Input *Password* used at signup
- ✓ Click on the *Login* button to login

5. Home Page

This page displays the profile, the total surveys available for the client and a total completed surveys.

To get this information, click on the Home icon at the bottom of the page.

6. Start Survey

This page allows the clients to pick a survey they want to fill out and fill in the details.

To access this page, follow the steps below:

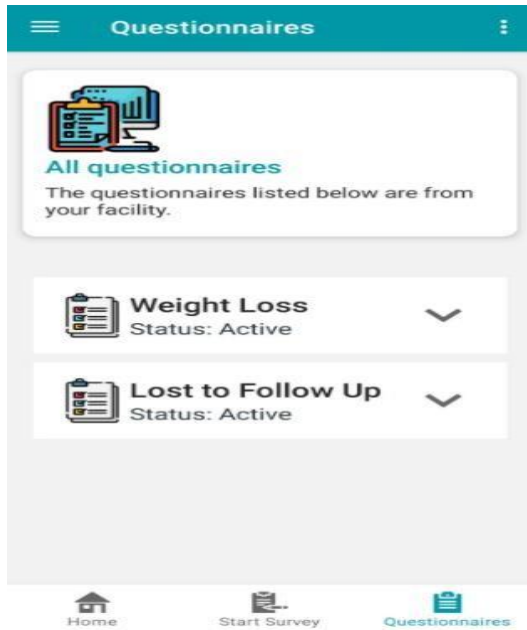

- ✓ Login to the pSurvey application
- ✓ Click on *Start Survey* at the bottom of the page on the app
- ✓ Input client *CCC number* and *First name*
- ✓ Click on *Submit* to be taken to the client survey
- ✓ After filling in the survey details, click on *Submit* to send the survey responses

7. Questionnaires

The pSurvey application will have a link of all the questionnaires available. To access this feature, follow the process below:

- ✓ Login to the pSurvey application with your phone number and password
- ✓ Click on the “*Questionnaires*” icon at the bottom of the app screen
- ✓ Select questionnaire to fill out e.g. the one on weight loss

NB: Only questionnaires with the status marked as active are available to be filled out.

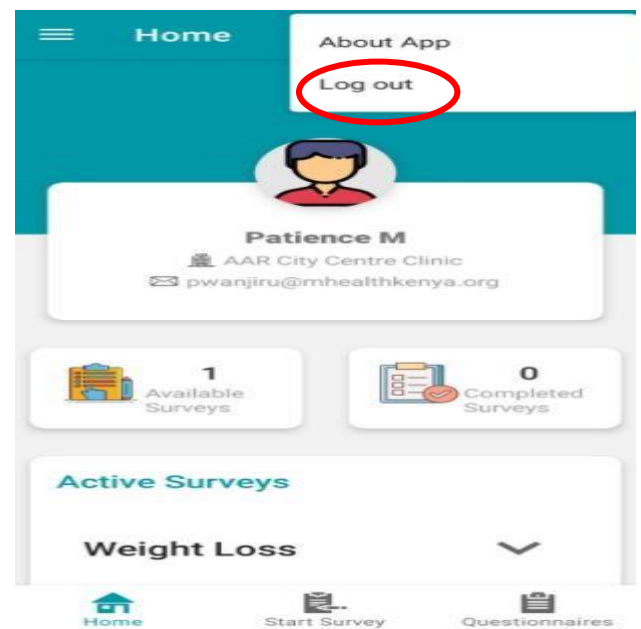

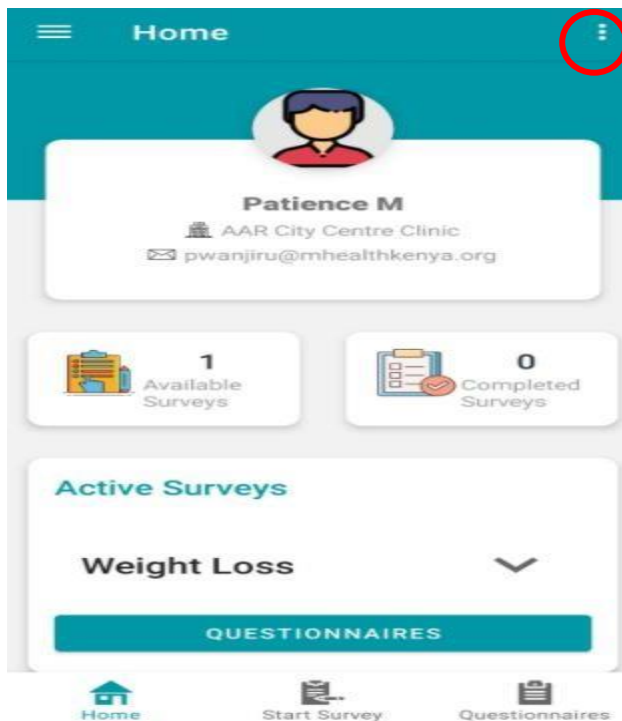

8. Logout

This feature of the pSurvey application allows the users of the app to logout from the app.

- ✓ Login to the pSurvey application with your phone number and password
- ✓ To access this feature, click on the *3 dots* at the top right side of the app as highlighted below.
- ✓ Click on the *Logout* option

NB: This will logout the user from the pSurvey application

9. Edit Profile

The Edit Profile feature allows the client to edit their details such as names, email address, facility details or their cadre.

To edit profile details, follow the process below:

- ✓ Login to the pSurvey application with your phone number and password
- ✓ Click on the *three vertical lines* at the top left hand side of the app
- ✓ Select the *Edit profile* option
- ✓ Edit your details as you please
- ✓ Once editing is complete, scroll down on the page and click on the *“Update Profile”* button

NB: Details will be saved and updated in the system database
