

Accessing Legacy System Admin Page in KenyaEMR 3.x

(Last update: March 2024)

Task:	Accessing Legacy Admin Page
Objective:	Access to Admin Functionalities
Who:	Facility System Admin, Partner HIS staff
Required materials:	Functional KenyaEMR 3.x

Background:

With the transition to a new interface in KenyaEMR 3.x system, some of the legacy functionalities and features have been reorganized to suit the new look. Admin users may find it challenging to locate such features hence the objective of this guide.

Objective:

In this guide, the user is expected to:

- Understand how to navigate from KenyaEMR 3.x interface to the legacy admin window.
- Locate the Admin page to access various administrative tasks.

SECTION 1: Accessing Legacy Admin Page

Permissions Assignment: Assign specific permissions to each role based on the tasks they need to perform. These permissions typically include actions like creating, editing, deleting, and viewing certain types of content or data.

<p>Navigate to KenyaEMR Modules On Click you should see the modules. N/B ensure you're logged in as an administrator</p>	
<p>Navigate to KenyaEMR Home On click it should take you to Legacy home.</p>	

Click on the 'Developer' module.
