Required materials	Computer with the latest version of TaifaCare, username, and password.

Instruction	Illustration
Enter the application server URL System "localhost:8080/openmrs" on the browser and click on the load button or Enter key from the keyboard to load login page. On successful loading, authenticate entry by proving username and password on the fields, then click "Login" button	
After successfully logging in, the Home page will load showing active visits.	

Click on the search icon to search for the client by name or ID.

Next search for the client using the name or ID number.

On the left navigation bar of the screen, "Patient Summary" click on care panel.

Care panel will show a list of programs the client is eligible for and also provide a summary of programs the client is enrolled in.

The panel summary button will display the current programs the client is enrolled in.
 Program enrollment button will display a list of eligible programs the client qualifies for.

Click on the enroll button that corresponds with TB as illustrated.

Next part of the form is composed of Sputum results. It includes type, results, serial no., quantity, and more.

Initiating client on TB treatment

To initiate client on TB regimen, click on 'Care panel' then navigate to TB under 'Panel summary'.

Upon accessing the 'regimen form' click on 'start' under regimen event

Discontinuing a client from TB Program

Navigate to **care panel**, then to **panel summary**.

Under **panel summary**, click on **TB program** and navigate to **Enrolment history**. Access the **three dots** and click on them to access the **discontinue** button

Click on '**Discontinue**' to access the **TB discontinuation form**.

Upon filling all relevant fields, click on '**Save and close**' to save the form

The screenshot shows the KenyaEMR interface for a patient named Consolata Jane Consolata, 24 yrs, Female. The left sidebar has 'Care panel' highlighted. The main area shows the 'TB Discontinuation' form. The form has a 'Visit Details' section with fields for Date (12/11/2024), Provider (admin - MWANGO MWANGO MWA...), and Location (Wamagana Health Centre). Below this is a 'TB Discontinuation' section with a 'Treatment Outcome' dropdown menu. At the bottom right, there is a 'Discontinue' button highlighted with a red box.

THE END.
